EDITOR ANVIL HERALD:

Grandma Stein of Rio Medina spent a few days with her daughter, Mrs. Ed. Geyer, at Idwild.

Mrs. J. V. Ruchner and son, William, and grandchildren, Nettie and Katherine Luckenbach, are visiting in the Alamo City this week.

Mrs. Frank Ludwig of Devine boarded No. 9 Saturday morning for Hondo to attend the funeral of her grandchild at that place. She was accompanied to town by her son Paul.

Mr. Foster Crane and son Clifford, returned Thursday from a business trip to Kerrville.

Miss Lina Reymann of Macdonia, spent the past week with her brother, Adolph, at this place.

Mrs. Joe Haegelin of Riomedina neighborhood was the guest of her daughter, Mrs. Adolph Zinsmeyer, near Lacoste, the past week.

Mr. Adolph Boehme of Riomedina spent a few days with his parents at this place.

A large crowd from here attended the dance at Macdonia Saturday night and reported a jolly old time.

A fine slow soaking rain fell here Tuesday, Wednesday and Thursday which everybody liked to see. It was of great benefit to the oat crop.

Rev. Father Heckmann baptized two Mexican children in St. Mary's Catholic Church Sunday and also united a Mexican couple in the holy bonds of matrimony.

Mrs. Mary Reymann and son, Emil, of Macdonia spent the day Sunday with Adolph Reymann and family.

Mr. Ed. Geyer and family moved from Idwild to their new home at Keystone Ranch Monday. We wish them success in their new home.

Mr. Foster Crane and family spent several days in the Alamo City the past week visiting friends.

Mr. Fred Stein of Riomedina, paid a visit to his sister, Mrs. Louis Biediger, Saturday.

Miss Florentina Keller of Castroville spent Saturday with homefolks here.

Mr. Hy. Haass was on the indisposed list this week.

Louis Bendele and family of Riomedina attended church here Sunday.

Mr. and Mrs. C. E. McCashin paid a visit to the Ciphons Sunday.

Miss Della Kauffmann returned from San Antonio Sunday after a week's stay with relatives.

Mr. Tony Kilborn, assistant butcher, made his usual trip to Castroville Sunday. "Rah for you, Tony."

Mr. Jac. Hutzler and family of Bader Settlement attended services in church here Sunday.

Mr. Fred Biediger gave his new residence a neat coat of paint this week.

Mr. Heilig of San Antonio spent a few days with his brother, Herman, cashier in the Lacoste National Bank.

Postmaster Jungmann was called to the bedside of his mother at Castroville Monday. She is very ill.

Mr. Edmund Zimmerman of San Antonio spent the day Sunday with his brother, Ambrose, and family of this place.

Mr. and Mrs. S. F. Silver, Miss Clara Balmos and Messrs. A. L. Cunningham and Fred Ford spent the day Sunday in San Antonio on pleasure.

Misses Lorine and Alice Kaufmann are spending the week with their Grandma Ihken at Chicon.

Mr. Geo. L. Haass and family passed through here today enroute from Idwild to Devine where they have purchased a large ranch and where they will make their future home.

Mrs. Joe Droicourt and children returned home today after a few week's stay with relatives at Castroville.

The Catholic church was handsomely decorated Monday morning, Oct. 21, 1912, in honor of the wedding which took place at 8:30 o'clock. The contracting parties were Miss Seraphina Echtle and Mr. Wm. Bohl, both of them from very prominent families, and the wedding was performed by Rev. A. Heckmann, the ceremony being the nuptial high mass. At the appointed hour the bridal party entered the church to the sweet strains of beautiful wedding march, played by Miss Elizabeth Biediger. The maids of honor were: Misses Ottilia and Helen Zinsmeyer, and Messrs. Frank Bohl and Max Biediger acted as best men. The groom stepped to the front of the rostrum and assisted the bride to the center of the altar, and the solemn marriage ceremony that made the young people husband and wife was pronounced. At the conclusion of the ceremony the bridal party repaired to the home of the groom's parents Mr. and Mrs. Anton Bohl, where the day

## To Advertise Hondo.

C. A. Maule, a representative of the advertising department of the G. H. & S. A. railroad, was here Thursday and addressed a small crowd of Hondo's citizens on the company's plans for advertising this section. It is proposed to issue 20,000 booklets setting forth the advantages of this western section from an agricultural standpoint. These booklets will be distributed throughout the north and east in an effort to bring farmers here to develop the agricultural possibilities of this section. The towns along the road west of San Antonio will be asked to contribute \$1200 towards this cause. After Mr. Maule's address a permanent organization was affected by electing Elmer de Montel, Chairman and E. J. Brucks, Secretary. A committee was appointed to raise Hondo's quota of the required funds and in a little while \$100 had been subscribed.

## Notice.

All parties holding just and lawful accounts against the estate of the late J. W. Cruseturner are requested to present the same at once to me for payment.

## Hondo's First Foot Ball Game.

HIGH SCHOOL VS. INDEPENDENTS.

Independents won the toss up and kicked to High, who were held for downs. Independents made first touchdown, after a few minutes of play. Starnes failed to kick goal. They again kicked to High who were again held for downs. Ball was on High's 15-yard line in Independent's possession, time up for first quarter. Score: Independents 6, High 0.

In the succeeding three quarters the Independents made a touchdown for each and Starnes kicked goal, making the score 27 to 0. The ball was in High's territory throughout the game and at no time was Independent's goal in danger.

Van Fleet, Gilliam and Peters were the stars for High, but the whole team made a good showing, considering their experience, against their husky opponents.

The whole Independent back field were stars, Mercer at quarter, Meyer and Starnes as halves and De Palma at full. Reed and Carter, both late finds, showed up good on the line as well as the tackle.

## The Game Laws of Texas.

You may kill 25 quail or doves in any one day only from November 1st to February 1st of each year.

You may kill three buck deer only from November 1st to January 1st of each year.

You may kill three wild turkeys only from December 1st to April 1st of each year.

You may kill in all seasons of the year duck, geese, robins, wild pigeons, snipe, jack-snipe, curlew, Mexican pheasants, or chachalacy, bag limit 25 in any one day.

You may kill rabbits, squirrels, fox, opossums, coons, bears, in any number in all seasons.

You may ship or transport to your home such game as you have lawfully killed by making proper affidavit. See form.

You must not buy or sell any of the wild game or game birds, or kill catch or destroy the eggs, or have in possession, living or dead, any wild song bird, except hawks, crows, buzzards, owls, English sparrows, rice birds or black birds.

You must not hunt for any game or game birds at night with a lantern, hunting lamp or any other light.

Any person may hunt or kill any game during the open season, when it is lawful to kill game in the country of his residence, or in the counties adjoining the county of his residence, or on land owned or controlled by him; but they must not hunt beyond the boundaries of their adjoining counties without this license.—Exchange.

## Yes Paint

will be high next year, so much work has been put-off and more will be.

Men don't know that it costs more money to wait than to paint; it costs about 10 per cent to wait, and not over 5 for the extra price.

What is 5? About \$2.50 on the average job (3000 square feet); 10 gallons Devco, 15 of average paint, yes 20 of some.

Suppose there's plenty of oil next year, won't paint go down? Yes, a little; there can't be plenty of oil; the demand settles that. Half the work of last year and this is waiting; so stupid we are.

## Died.

Little Milton, the 20-months old son of Mr. and Mrs. Charles F. Haass, died at the Section house near Sabinal Friday morning, October 18, 1912. The little body was brought to Hondo Saturday morning and tenderly laid to rest in the new cemetery Saturday afternoon, Rev. A. Falkenberg, Pastor of the Hondo Lutheran Church, performing the last sad rites.

Mr. and Mrs. Haass have the sympathy of all who know them in their sorrow.

## Mothers' Club Meeting.

The Hondo Mothers' Club met at the school building Monday afternoon, Oct. 14th.

President Mrs. R. H. Hudspeth presided.

The pupils of the fifth and sixth grades entertained the club with a number of readings and songs.

This roll was called, members responding with quotations of Home and Mother.

Mrs. Henderson presented the report of committee on year book, which was received and the committee discharged.

On motion duly seconded and carried it was decided not to have the year book printed but to have the program for each month printed in the local papers the week before the regular meeting of the club.

The committee appointed to solicit funds necessary for affiliation, reported \$98.35 collected and turned over to the treasurer.

On motion duly seconded and carried it was decided to have the banner given each month to the grade which had the best representation of mothers at the meeting of the Club. The fifth and sixth grades having an equal number of mothers present at the meeting this month, it was decided to place the banner two weeks in each room.

Mrs. Henderson gave an interesting talk on "Our Responsibilities as Mothers and Teachers".

Mesdames Keller and Crow were appointed a committee to visit the school.

The Club voted to enter the piano contest gotten up by the Hondo Times.

Supt. Harris made a short talk in regard to affiliation.

## Died.

News of the death of Mrs. Joe Dunlap, formerly Miss Leila Hurt of this place, brought sadness to every heart as it spread about the little city early Thursday morning.

Mrs. Dunlap had been a popular favorite in Hondo where she had been reared, and on the 12th of last June left her girlhood home a happy bride to reside with her husband at Mission, Texas, where he is postmaster. A few days ago she was brought back seriously ill, and despite all that loving hands and medical skill could do for her she answered the call of the grim reaper after the manner of all mortal flesh at 3 o'clock Thursday morning, October 24th. The remains were prepared for burial and as we go to press are being gently, sadly laid to rest in the new cemetery, her former pastor, Rev. F. G. Moses, performing the last sad rites.

Mrs. Dunlap was about twenty-two years of age. She leaves besides her husband, a father, A. H. D. Hurt, and several brothers and sisters. The stricken ones have the heartfelt sympathy of all who know them.

## Attention, Democrats.

Cleburne, Texas, October 16th, 1912.

Fletcher Davis,

Hondo, Texas.

Dear Sir:

I have your check for \$100.00, the same covering contributions several democrats in your locality to the Wilson-Marshall campaign, for which I greatly thank you each contributor.

Unquestionably the National Committee is embarrassed for want of sufficient funds to properly conduct the campaign and everything that any of us can do to relieve the situation is to be done and done quickly.

Are there not two or three well-to-do democrats living in Hondo or thereabouts to whom I might write with reasonable assurance of securing a contribution of something like \$50.00?

Please write me at once concerning this last mentioned matter so that I may take it up with them at once.

Hoping to hear from you again soon, I am

Very truly yours,

CATO SELLS,

National Committeeman for Texas.

There is any one who can accommodate Mr. Sells with the desired amount, or any other amount, let them do it at once. The time is short and I will admit of no delay.—Editor.

Fort Worth, Texas, October—Mr. J. L. Quicksall, State Agent of the Federal Department of Agriculture, recently held a convention of the West Texas County Field Agents in this city. Fifty-three agents were present and spent four days discussing practical problems of the Texas farmer. The adaptation of crops to soil and climatic conditions and the conservation of moisture were among the themes discussed by the demonstrators.

Mr. Quicksall announced in favor of encouraging the business men to cooperate in the development of our ag-

ricultural interests and in discussing the Farm Life Commission proposed by the Commercial Secretaries and Business Men's Association, said:

"The commercial clubs in my territory have rendered valuable assistance to my department and have co-operated in demonstration work in a substantial manner. I am glad to learn that this co-operation is to be carried on in a state way. The farmers of Texas need the assistance of the progressive business men in solving many problems of farm life. The Farm Life Commission can render a great service to Texas."

# ROYAL BAKING POWDER ABSOLUTELY PURE

Cooking under modern methods and conveniences is made so attractive the whole family is becoming interested.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

### More About The Reservoir Litigation.

THE Hondo Anvil Herald and this paper have been engaged in a little good natured controversy in regard to the case of the Medina reservoir land owners vs. Medina Valley Irrigation Company, the Anvil Herald taking the position that the men owning land in the reservoir, which would be submerged, if it ever rains up there, had a very good case against the Company. The Lytle Herald disagreed to this, saying in OUR OPINION, IT WOULD HAVE BEEN BETTER IF THEY HAD ACCEPTED THE GOOD PRICE OFFERED BY THE COMPANY, AND NOT HAVE TRIED TO RETARD THIS GREAT DEVELOPMENT WORK, and possibly discourage other foreign capital which we so much need in Southwest Texas. THE LYTLE HERALD HOLDS TO THIS OPINION STILL, a little stronger if any thing than before. The Anvil Herald thinks we go too far when we proceed to hand down our decision in this litigation before learned judges and lawyers have passed on the subject, but we hold that the Hondo Anvil Herald, Tom, Dick, Harry, Bill Jones and The Lytle Herald, in this land of the free and home of the brave, have a right to express their opinion on this or any other subject under consideration, HOWEVER, WE DO NOT BELIEVE OUR OPINIONS WOULD AFFECT A TRIAL IN ANY WAY AND WE DON'T THINK A FAIR TRIAL COULD BE HAD UNTIL IT WAS BROUGHT BEFORE JUDGES AND LAWYERS, AND THE EVIDENCE HEARD.—Lytle Herald.

And here we have the spectacle of a paper forming, expressing and HOLDING to an opinion while admitting, in effect, that it does not believe it was or could be fairly formed, for it has not heard the evidence.

We are astonished at the Lytle Herald!

It seems that it has never occurred to the Lytle Herald that its right to express an opinion carries with it the obligation to form fair and correct ones before expressing them. Until it has learned to act upon this axiomatic fact of ethics, it can reasonably doubt its opinions having any effect upon any matter of importance, unless it be, as in this case, an effect prejudicial to the peace of the community and to the interests of those it would serve.

Better wait for the courts to decide whether the price offered by the Irrigation Company to the land holders was a "good" one or not and whether the action of the holders in going into court is an effort "to retard this great development work"

or an honest effort to maintain their property rights, and cut out half baked opinions that you admit can not be fairly formed and that you admit are not expressed in the belief that they will have any effect, for righteousness or otherwise, upon the cause at issue.

THE Baptist Trumpet, a Primitive Baptist paper that has been published for years in Texas, has been recently purchased by T. L. Webb and J. D. Burgin and is being issued from San Antonio. Mr. Burgin is a Medina County boy and has numerous friends among the Anvil Herald's readers who will join us in wishing him success in his journalistic venture.

To enable the high school pupils to pass directly to the State University, the Mothers' Club of Hondo has undertaken to raise a fund to provide the local school with apparatus that is necessary to carry the pupils up to the required standard of efficiency. The Anvil Herald urges all citizens to assist in the effort, and the progressive spirit which prevails in Hondo is looked to to make the movement a success.—San Antonio Express.

### After any Sickness

nothing so rapidly restores health and vigor as SCOTT'S EMULSION. It is the essence of natural body-nourishment, so medically perfect that nature immediately appropriates and distributes it to every organ, every tissue—feeding, nourishing and restoring them to normal activity.

SCOTT'S EMULSION is not a patent medicine, but is nature's body-nourishment with curative, upbuilding properties and without a drop of drug or alcohol. It contains superior cod liver oil, the hypophosphites of lime and soda with glycerine, and is so delicately emulsified that it enters the system without digestive effort—builds, tones and sustains.

After croup, whooping cough, measles and other child ailments it is nature's ally in restoring health.

After grippe or pneumonia it imparts strength and health, and for colds, coughs, sore, tight chests and throat troubles SCOTT'S EMULSION gives the greatest relief known.

SCOTT & BOWNE, Bloomfield, N. J. 12-39

THE Hondo Anvil Herald takes a fall out of the knockers and those who take delight in seeing a newspaper roast people. Every newspaper editor has been called upon time and again by some one who wanted to see some person roasted to "give him fits," but the aforesaid person who wanted the roasting done was usually careful to ask that his name should not be mentioned in connection with the roasting. The editor has many invitations to become a cat's paw for persons and some times it requires a good deal of dexterity to duck the request without making an enemy. But the Anvil Herald shows the folly of roasting in this wise: "Oh, yes, it is easy to roast things when they don't go to please you. It is easy to sharpen a pencil and pour verbal vitriol from its point until you have burned never healing blisters into the object of your enmity. But what is the use? You won't feel any the happier yourself, and the one who pats you on the back with a "bully boy, go to it!" boost is liable to be the first to desert you in the hour of need. And, then, suppose your efforts should be misdirected, should fall upon some poor devil who is doing his best with the lights he has before him? Is there balm in Gilead to soothe your own seared conscience after a realization of such a deed? It is easy enough to go ahead when one knows what is right. When one don't know, he should pray for gumption enough to keep hands off and let others attend to their own business.—Abilene Reporter.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### A Log On The Track

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hesseheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at W. H. Windrow's.

Between what the average man wants and what he gets there is quite a gulf.

### Saves Leg Of Boy.

"It seemed that my 14-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at W. H. Windrow's.

## Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00.

## When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

**Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.**

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. Mr. and Mrs. Louis Tschirhart and children moved from their ranch to their new home here Monday, and Mrs. Seb. Christilles and children moved from the Jos. Weiss place to the J. F. Bader place the same day.

Capt. Jos. Forst made an overland business trip to Hondo Monday, returning Tuesday.

Surveyor H. V. Haass and Merchant Jos. Keller were San Antonio business visitors the fore part of the week.

Judge H. E. Haass and Commissioners Ney, Brucks and Grant arrived here Tuesday, and joined by Commissioner Tschirhart they proceeded up the country to view and establish the Culebra road.

A slow soaking rain began falling Tuesday afternoon and continued until Thursday. Although it did not put out much stock water it put a fine season in the ground and filled cisterns.

John W. Hans informed us that his gauge registered a fraction over three inches.

Mr. and Mrs. Lawrence of San Antonio arrived Tuesday on a visit to Mr. and Mrs. J. A. Robinson.

Regarding the killing of W. S. Weyrick at the A. E. Miles canal camp, we are in a position to give any definite particulars owing to the fact that

we have been on the sick list for the past several days and confined to our room. An inquest hearing was held before Judge Peter Hoog Friday afternoon. The corpse was held until Saturday morning pending orders from the young man's father who resides in Tennessee, but was finally buried in the county cemetery. The murderer is still at large. The gun with which the killing was done was found by Alb. Hoog near the camp.

County Attorney R. J. Noonan was here Friday.

Messrs. Fritz J. Etter and Oscar Reuss left Saturday for San Antonio to take in the Harvest Jubilee.

Mr. and Mrs. Gotlob Weiblen and daughter, Hulda, passed through here Saturday en route to Quini and Hondo on a visit to relatives and friends.

Mrs. Jos. Brieden and Miss Luella Bellamore are visiting relatives and friends at Devine.

Rud. Pesch and family of Biry were visiting here today.

Butcher Ed Hans made a trip to Lacoste today.

By an oversight we failed to mention in due time the safe arrival of a little baby girl at the home of Mr. and Mrs. Fred Jagge on October 9th. We congratulate. Oct. 21, 1912.

### SONG.

OUT of the dusky midnight,  
Over the silver dew,  
A spirit came  
With a heart of flame,  
Singing of you, of you.

Dawn rose over the mountains,  
Gold on the farthest height,  
And the robins sang  
Till the wildwood rang  
Only of love's delight.

Midnight and dawn and sunset—  
Rose of the east and west—  
Again I wait  
At your garden gate,  
And the thorn is in my breast.

FARM conditions have not been so bright in this section in years. Good crops of corn and hay were made, enough in all probability to supply the country for the next two years. Following this, a fair crop of cotton is being harvested and sold at a good price thus putting lots of ready money in the country. WHAT Makes Happiness? He who can tell us with the authority of knowledge will command the world's gratitude, for while we are not really here to be happy, but to serve, there is no reason in the world why we should not be happy in serving. But none may know; we learn a good many things through experience only to prove by experience that they are not so! But some have lived and through wide experience and observation have more or less of authority to speak on these inner secrets of life, and we are interested when a man like Dr. John Hall speaks out of the richness of his years and tells us what he has seen and what he knows. This is what he says: "I have peered into 'quiet parlors,' where the carpet is clean and not old, and the furniture polished and bright; into 'rooms' where the chairs are neat and the floor carpetless; into 'kitchens' where the meals are cooked and eaten, and the boys and girls are as blithe as the sparrows in the thatch overhead; and I see that it is not so much wealth and learning, nor town, nor country, nor station, as tope and temper, that render homes happy or wretched. And I see, too, that in town or country good sense and God's grace makes life what no teachers or accomplishments, or means or society, can make it the opening stage of an everlasting psalm; the fair beginning of an endless existence; the goodly, modest, well proportioned vestibule of a temple of God's building that shall never decay, wax old, or vanish away. —The Universalist Leader.

### Hudson Factory Growing.

"Where will automobile expansion stop?" was the question local motorists asked each other today upon the divulgence of the news by Mr. C. W. Roberts, the Hudson dealer, that the Hudson Motor Car Company's Detroit factories had doubled within a year, owing to the addition of two new factories instead of the one as announced a fortnight ago.

Significant in this connection is the fact that the record of 1913 Hudson car purchases for this territory also broke the marks of any previous years.

It is but two weeks ago since it was learned that a single new factory was to be added to the Hudson plant and now comes news of equal size.

A year ago the Hudson factories' floor space was 172,811 square feet. Last winter a new factory was added, bringing the total to 236,411 square feet. Almost before the announcement of the new 1913 cars were made, approximately 1,000 retail orders were taken by dealers in the United States. The old facilities could not supply demand. It was then seen a new factory would be necessary. A month later it was a certainty. Two weeks later the announcement of the addition of one new factory was made. A fortnight after that it was seen that these facilities would be inadequate to cope with the rush of demand. Two new factories would be necessary.

Immediately contracts for the single new factory were recalled and new agreement made for new additions. Within a day of the time the facts became generally known, ground was broken for both factories.

The big plant has doubled in size within twelve months. For the new additions bring the total floor space up to 363,611 square feet, as against 172,811 square feet a year previous.

The extraordinary expansion of the Hudson Company's plants dates back to its creation of the model plant, less than two years ago. Scarcely a year from the building of the original plant, it was necessary to add more than 60,000 square feet of floor to take care of the increased demand.

Mr. C. W. Roberts was enthusiastic over the news. He stated that the Hudson expansion was in direct proportion to the great demand throughout the United States for Hudson cars.

"The progressiveness of the Hudson Company has been shown by the gathering together of engineering brains from all sections of the world and creating a board of 48 engineers to construct the latest model," he said.

"The moment motorists secured news of the existence of this board of engineers, they made a pell mell run for Hudson cars, with the result that at first the factory was overwhelmed with orders.

"The Hudson organization did not endeavor to make the factory facilities do. They coped with the situation in a thoroughly modern manner, with the

result that over one-third of a million square feet of floor space was necessary to keep abreast of the times.

"This is an example that is, and should be interesting to every automobile manufacturer in the United States. It aptly illustrates what kind of a reception a good product that is a big value—a car that will stand the gap of road work under any and all conditions—will get from the motoring public.

"I hear weekly of owners of \$5000 cars who, during the 1912-1913 season, will drive Hudson cars and these are hard-headed business men who are not impressed with empty promises, but who appreciate thoroughly the essentials necessary to a successful product."

Persons Who Have Tried Dodson's  
Liver Tone Find It Safer Than  
Calomel and Just as Sure.

Dodson's Liver Tone is a vegetable substitute for calomel that starts the liver to work just as successfully as calomel does, and hundreds of persons have stopped using the powerful drug calomel to use Dodson's Liver Tone, mild vegetable liquid, instead. Calomel often shakes up the liver too much, and brings on bad after effects and sometimes salivation—a terrible condition.

W. H. Windrow's drug store sells Dodson's Liver Tone at fifty cents per large bottle, and guarantees it to be harmless to both children and grown-ups. Remember this guarantee and try a bottle, next time your liver gets lazy.

E. P. Hearne was a business caller at this office Monday. Mr. Hearne showed us a report in the Kosse Cyclone of where ten boys and one man made a cotton picking record there recently. The youngest of the boys were only eleven years old and picked in one day 311 and 224 pounds respectively. A thirteen year old boy, Dewey Swinnea, led the bunch with 654 pounds. All together, they picked in one day 4904 pounds. These boys are sons of old neighbors of Mr. Hearne and the record shows that they have grown some pickers as well as some cotton in that country.

## KING NOTTOC THE XIV

FOURTEENTH NO-TSU-OH CARNIVAL WILL OPEN AT HOUSTON ON NOVEMBER 11.

## THE 1912 CARNIVAL REVELATION

The King's Subjects Will Revel for One Week in a Tumult of Mirth and Pleasure—Low Rates Offered by Railroads.

Gorgeous in its riot of color, bewildering in its display of varied attractions, the Fourteenth No-Tsu-Oh Carnival will burst forth in all its glory and splendor on the 11th of November, and for six days the royal subjects of King Nottoc XIV will revel in a tumult of mirth and pleasure that will make the Carnival of 1912 an era in the life of every citizen of Houston and of every visitor within her gates during that memorable week. The men who are at the head of the No-Tsu-Oh Association are broad-minded men who never do things by halves, and with whom there is no such word as fail. Tremendous interest is being aroused all over Texas and adjoining States in this annual event, which this year is to be better than ever before, and it is freely predicted that there will be the largest attendance of visitors than ever has been the case at any previous Carnival. The adding of the Gulf Coast Land Exposition feature has met with almost universal approval and it is certain that thousands of homeseekers from the North and West will take advantage of the opportunity thus offered to view the display of the soil products of the Gulf Coast Country, to which section so many are looking with longing eyes for their future homes. The railroads are offering extremely low rates to Houston during Carnival week and are already making preparations to handle comfortably and expeditiously the great throngs that will visit Houston during that time.

### BRILLIANT ELECTRIC PAGEANT.

More Than Twenty Floats, Each Representing an Allegorical Subject, in Course of Construction.

Among all the varied attractions that will greet and please the eyes of the thousands of visitors who will be in Houston during the No-Tsu-Oh Carnival on November 11, 12, 13, 14, 15 and 16, none will be more attractive than the magnificent electric pageant and allegorical demonstration. Through the untiring efforts of Geo. A. Rick, chairman, and other members of the committee, the floats for the illuminated parade are being prepared in the den at the foot of Preston avenue, and though many curious eyes are turned in that direction from time to time, not until the night of the great parade will the pageant in all its beauty and splendor be seen by the public.

More than twenty magnificent floats are now in course of construction, each representing an allegorical subject, and they are being designed and constructed on a more elaborate scale than ever before, and a large force of lady operators are preparing the paraphernalia that will accompany the more than two hundred costumes to be worn by the leading society and representative people who will take part in the pageant.

In order that the pageant may be made more spectacular and Babylonian than ever before, a large order has been placed for special torches to be used and requisitions have been made for hundreds of pounds of red fire with which to illuminate the route of the pageant. To carry out the scheme of illumination that is being made a special feature, several thousand Japanese lanterns of variegated colors, have been ordered which will be used to decorate the principal thoroughfares of "Joyway" and the street approaching the entrances to the Carnival and Gulf Coast Land Exposition.

As the Gulf Coast Land Exposition is to be made a special feature of the No-Tsu-Oh Carnival during the week of November 11, 12, 13, 14, 15 and 16, it has been determined to specialize this feature in the scheme of decorations, and to this end Mr. W. R. Allison, chairman of the committee on agricultural exhibits, is planning the construction of a magnificent arch at the Louisiana entrance of the Auditorium and Exhibit hall, to be built entirely of agricultural products, such as rice, corn, broom corn, cotton, etc., thus typifying the products that are the basis of the prosperity of the people and at the same time making a pleasing change from the old stereotyped forms of illuminated archways that do not typify anything in particular. The suggestion of the agricultural archway has been received with hearty approval by the directors of the association and under the direction of Mr. Allison it will be constructed in such a way as to make a most pleasing feature of this great Carnival and Gulf Coast Land Exposition.

## FREE HIPPODROME SHOW

PROGRAM OF ENTERTAINMENT FOR ANNUAL NO-TSU-OH CARNIVAL BEST EVER PRODUCED.

## FREE VAUDEVILLE AT AUDITORIUM

Plans for Illumination of the City the Most Extensive and Elaborate Ever Utilized by Any Civic Entertainment.

There is going to be something doing at Houston, Texas, on the occasion of the Fourteenth Annual No-Tsu-Oh Carnival, November 11 to 16, 1912. The association this year has unquestionably gone into the most extensive program of entertainment ever planned by any city in the United States, the magnitude of which surpasses anything that has been projected for many years. Among the many notable features is the spectacular arrival of King Nottoc and his royal party, rivaling in grandeur the advent of Rex of Mardi Gras fame. The arrival of the king will be followed by the coronation ball, long the premier social event of the South. Ten thousand specially engraved invitations have been issued to favorites of the king and his court, and thousands of visitors are expected to be in Houston on this occasion. The press of the United States will receive specially engraved invitations and a reservation of one thousand seats at the big City Auditorium has already been set aside for the use of the visiting writers and editors. Aside from the arrival of the king, one of the most spectacular features of the No-Tsu-Oh will be the night pageant of twenty-four original floats and the pageant of flowers. Six days are given over to the celebration, the last being set aside as Carnival Day, on which occasion the celebrated masked parade is held. All the costumes used throughout the carnival period were originally purchased in Paris, as well as the jewels of the king and queen. The popular feature of the carnival will be the free vaudeville shows and band concerts given in the Auditorium by the carnival directors, at a cost of more than \$4,000. This is to be included within the Midway inclosure. For the carnival occasion the city will be decorated with thousands of incandescent lights and Japanese lanterns, turning night into day. The present plans for the illumination of the entire city are the most extensive and elaborate ever utilized by any civic entertainment. The carnival directors have contracted for the celebrated midway aggregation owned and controlled by Herbert A. Kline, now touring the principal cities of Canada and the Northwest.

### SMALLEST LADY IN WORLD.

The Miniature Madame Melba, Will Appear at the Carnival—Sunday and "Three Weeks."

Princess Victoria, the Miniature Madame Melba who will appear at the No-Tsu-Oh Carnival this year, is a firm believer in Sundays for stage people. This diminutive little lady, who weighs but 19½ pounds and is but 25½ inches in height, is over 22 years of age, is well read, has traveled all over the world and has had an opportunity of observing the customs and conditions in many countries. She was brought up with a strict regard for the Sabbath and still favors the observance of the day, particularly in the case of theatrical performances.

"I would welcome blue laws in every country," says the little Princess. "If the performers might have that day of rest. It seems that the French idea of making the day for rest but once in ten days is not very popular with us, and France found it impossible to keep up its health standard while this law prevailed, so back to the seventh day of rest the people of that most volatile of nations went. In certain sections of New England, where I traveled last season, I was amused at some of the good old fashioned rules still in force. Of course, the use of ducking stools and other forms of punishment have long been discarded, but it is wise to observe the looks of things, for fear some one may think you frivolous, or worse."

"A friend of mine was spending her vacation in Bermont, and one Sunday afternoon started for a stroll in the woods, with several brightly bound novels in her hand. Her hostess ran after her, decorously, to be sure, and held out two somberly clad volumes.

"My dear, would you mind substituting these books for those in your bright bindings? It would look better and more like Sunday." My friend rather reluctantly consented and was horrified to find the title of one of the volumes was "Three Weeks," a book which has been refused in every library in that section of the country."

# Serious Kidney Disease Treated By an Old-Fashioned Doctor

S. B. HARTMAN, M. D.

In 1860 I was practicing medicine in Millersville, Pennsylvania, a thriving farming community. A prominent citizen of that locality called at my office one day in a very feeble condition. So much so he had to be assisted in alighting from his wagon. I found on questioning him that he had been afflicted for about two years. He had consulted various doctors, among them a specialist from Philadelphia. They pronounced his disease to be Bright's disease of the kidneys. He was gradually failing in strength, losing flesh rapidly, and altogether presented a very pitiable spectacle, the remnant of a once strong and happy man. I had been treating a neighbor of his successfully. This neighbor had highly recommended me and thus it was he came to me. He told me that the doctors had practically given up his case as hopeless and he felt free to consult any other physician. I hesitated to take the case, as I felt sure I could not do anything more than the other physicians had done. I told him so, yet he insisted upon my prescribing. I was a graduate of the Jefferson Medical Col-

lege at Philadelphia, and as one of the consulting physicians had been a professor in that college it seemed to me quite unlikely that I would be able to do any more than had been done, but I prescribed what seemed to be the best thing under the circumstances.

He went away and in a week he returned saying he was no better, that he was still losing ground. He judged that he had taken the same medicine before. No doubt he had. But he wished me to prescribe again. I did so.

This went on for about two months, the patient failing all the time, and I was becoming thoroughly discouraged with the case.

One day the patient said to me, "Doctor, why don't you give me the medicine you gave my neighbor? We all thought he would die, but your medicine cured him. This was why I came to you. Why not give me the same medicine you gave him?"

"But," I said, "your neighbor did not have kidney disease. It was a bowel complaint that I prescribed for in his case. I remember I gave him the Neutralizing Mixture that I make a great deal of use of in bowel diseases."

"Well, I want some of the same medicine you gave him. It worked wonders with him and I believe it will with me."

"But," I said, "this is not a medicine for kidney disease."

"Well, since you seem to be like the rest of the doctors, you cannot help me, why not try the medicine that helped my neighbor?"

After some hesitation I concluded to give him a bottle of it. In ten days he returned. He at once began to breathe me in no complimentary words, saying: "You knew very well this medicine would help me. You held it back merely to get more fees for treating me. From the first the medicine has helped me and I have made rapid improvement. If I could have had this medicine a year ago I should have been saved a great deal of expense and loss of time."

I replied that I was glad the medicine had helped him. I was somewhat confused by his brusque manner and rough speech. I gave him another bottle of medicine. Did not see him again for about three weeks. Once more he

called at my office for another bottle of medicine, which was his last call. A month or so afterwards a neighbor of his called and got a bottle of the same medicine, saying that my patient was practically a well man, attending to his duties about his large farm.

I had given him the Neutralizing Mixture which was a remedy that I had used before only for bowel diseases. The same remedy that has since been sold under the name of Peruna. I could not quite understand how it was that Peruna should operate so beneficially in such seemingly different diseases. I had not yet grasped the correct philosophy of disease. I did not then clearly comprehend that catarrh may affect the kidneys as well as the bowels. Nothing of that sort was taught in the books in those days. It took me years before I clearly comprehended that catarrh was a disease liable to attack any organ of the body.

Catarrh is a disease of the mucous membranes. The mucous membranes line every organ, duct and cavity in the body. Thus it is catarrh may settle anywhere where there is a mucous membrane.

Peruna is my remedy for all these cases. I insist upon it, however, that Peruna is not a cure-all. I use it for just one disease, catarrh. But as catarrh is liable to affect so many different places, disturb so many different functions, derange so many different organs, it does seem to many people as if I regarded Peruna as a cure-all.

The above narrative is simply one of the many cases in my early practice that brought me to comprehend the wonderful efficacy of Peruna in such a variety of diseases. The kidneys may be affected by other diseases than catarrh, but the average case of kidney disease is catarrh of the kidneys. All cases of Bright's disease begin with catarrh of the kidneys. This being true, and it also being true that Peruna is a catarrh remedy, it follows that a great many cases of kidney disease would be benefited by Peruna.

PERUNA SOLD BY ALL DRUGGISTS. SPECIAL NOTICE.—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of K-A-T-A-R-R, manufactured by K-A-T-A-R-R Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

ON THE FUNNY SIDE

### How It is Done.

"Rollo," said the eminent statesman, speaking rather severely to his private secretary. "Rollo, it has been rather more than a week now since I have said something really brilliant. Are you aware of that?"

"Y-y-yes," stammered the hireling.

"I'll give you three days more," continued the statesman, assuming his well-known attitude in which the right hand is thrust into the front of the shirt, as though to bring forth an important document or to scratch a hidden chigger bite—"and if I haven't uttered something exceedingly intellectual or startlingly new by that time, I shall have to employ a new press agent."

### Not Consoling.

One of the boys had broken one of the school rules and no one would own up.

The teacher announced that he would thrash the whole class if some one did not tell him who had committed the offense.

All were silent, and he began with the first boy, and thrashed every one in the class until finally he reached the last one. Then he said: "Now, if you will tell me who did this I won't thrash you."

"All right, sir. I did it," was the reply.—Ideas.

### GOOD IMAGINATION.

"Vain Dauber claims to be highly imaginative and also a thinker." "Er—yes—he imagines he thinks and thinks he imagines."

### Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by W. H. Windrow.

### No Calomel Necessary

The injurious effect and unpleasantness of taking calomel is done away with by Simon's Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put up in yellow tin boxes only, Price 25c. Tried once used always.

### Stand Ahead

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for, and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf.

Very truly yours,  
T. J. Brownlow,  
Livingston, Tenn.

25 and 50c bottles

No matter how big a goose a man may be he has the satisfaction of knowing that there are bigger ones in the world.

Children that are pale, sickly and peevish, with dark rings under the eyes, fickle appetite, and appear to get no nourishment from the food they eat are surely suffering from worms. Give them WHITE'S CREAM VERMIFUGE and note the wonderful improvement. They soon take on flesh and are rosy, active and cheerful. Price 25c per bottle. Sold by W. H. Windrow.

When a man trades his money for experience it is difficult to convince him that a fair exchange is no robbery.

Paris, Tex., I, the undersigned, take pleasure in stating that I have used Cheatham's Chills Tonic, and a few doses broke a severe case of Chills and fever on me about six weeks ago, and I have had none since. I consider it the best medicine for the purpose I ever used.

Yours truly,  
J. E. Kay.

It must be the ups and downs of life that keep a man from getting rusty.

Chronic rheumatism contracts the muscles, distorts the joints and undermines the strength. A powerful penetrating and relieving remedy will be found in BALLARD'S SNOW LINIMENT. It restores strength and suppleness to the aching limbs. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

Almost any girl is nice enough to eat, from the mosquito's point of view.

Joints that ache, muscles that are drawn or contracted should be treated with BALLARD'S SNOW LINIMENT. It penetrates to the spot where it is needed and relieves suffering. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

## NO-TSU-OH FLOWER PARADE

GREATEST FLORAL PAGEANT IN HISTORY OF NO-TSU-OH.

Hundreds of Owners of Carriages and Electric Victorias Will Participate. Will Outdo All Previous Efforts.

All that has been learned in the past in the way of pleasing the eye and firing the admiration of aesthetic humanity will be material, capital and skill for those who are preparing the gorgeous, spectacular and climax-capping floral pageant that the No-Tsu-Oh Association has decided upon as the grand piece de resistance of this year's Carnival, November 13 to 19.

To put it in simple and graspable language for the practical man, it will be worth coming to Houston to see.

In the heart of Flora-favored Southland, where nature has provided her plant-children with the richest of gaudy-petalled wardrobes in the form of rare and inexhaustible flowers, it is fitting that the universally loved Goddess should receive the highest of homage. For the past years the No-Tsu-Oh committee has devoted time, care and particular artistic sense in making the Flower Parade magnificent.

Hundreds of owners of carriages and electric-driven Victorias have signified their intentions of entering the procession. There will be no prizes offered, except the gaudy of a consciousness of having patriotically performed a duty to one's home town. It has been demonstrated that in matters like these the labor-of-love sort of contributions have gone the farthest toward the best results. Past experience has proven that the people of Houston, when given free rein in matter of civic pride, come forward with more than is asked. Year after year these floral parades have been a source of astonishment and admiration to people from all over the country, not barring those who have witnessed the gorgeous street scenes of Los Angeles or even of the European cities, where artistic instinct, skill and material to work with are most fecund and productive.

It is estimated that this floral parade will not only extend for many blocks, but will stretch out over a distance of one or more miles. Private carriages and decorated floats, the latter put on by the local societies, lodges and guilds, will be entered in large numbers. Practically every social organization in the city will be on hand with a costly and unique float of some kind that will be a new contribution to art and artistic production.

A feature of the flower pageant this year will be the use of tons and tons of serpentinas. In conjunction with limitless confetti, these missiles showering in a perfect multicolored rain from the tops of houses, the roofs of skyscrapers, balconies and windows, will fill the air and cobweb the space between the buildings with fairylike network that will have the indescribable effect attained by the carnivals of Southern Europe.

Through this tissue and tinselled rainfall the richest and most exquisitely pleasing parade of flower-laden vehicles carrying the fairest of Southern women will move in a dreamlike procession that would have delighted the imagination of Keats. Amid this falling shower of confetti and cumbriating serpentina, roses that would have charmed the Persian Hafiz or enhance the gardens of Circasia, such roses as are only grown in South Texas, will pelt the celebrants with a continuous rain.

The full success of this feature of the Carnival has been assured by the hard and tireless work of the committee in charge and the liberal, prompt and hearty proffers of co-operation on the part of Houston citizens and social organizations.

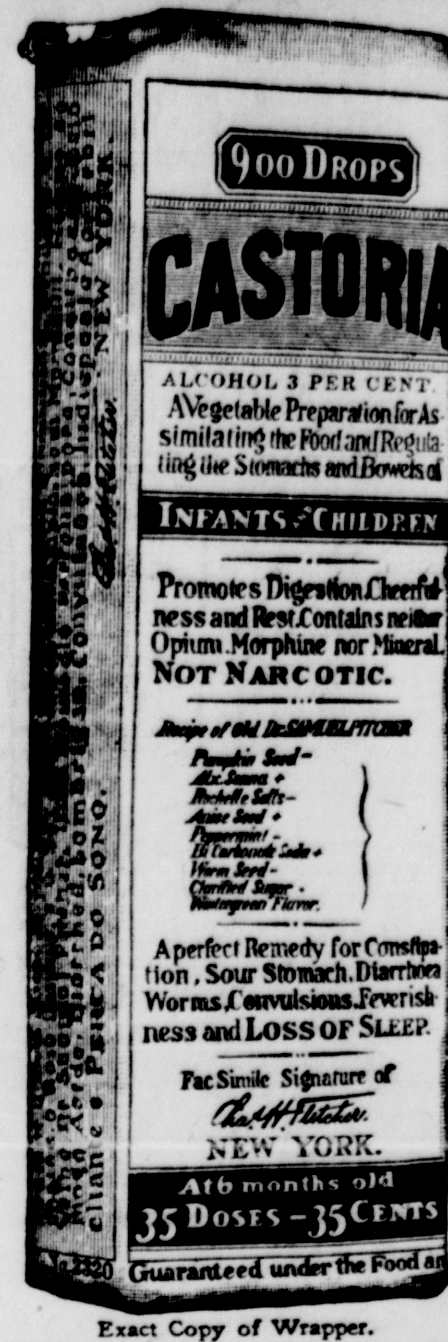

More Than Enough is Too Much. To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by W. H. Windrow.

How is "rippling laugh," which the magazine writers tell about, to be distinguished from other forms of giggling?

Chronic Dyspepsia. The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Stomach and Liver Tablets have done me more good than anything else," says W. G. Mattison, No. 1 Sherman St., Hornellsville, N. Y. Sold by W. H. Windrow.

Any pawnbroker will tell you that even a rainproof coat can be soaked.

Don't trust to luck. Nine-tenths of the people in the world guess wrong.

J. C. Ray, Winfield, Ala., says: "My father T. J. Ray suffered with kidney and bladder trouble so bad he had to use a catheter. Various kidney remedies were tried without results, and finally we gave him Foley Kidney Pills. In three days he could pass some water and on the fifth, no longer needed a catheter. He continued to use Foley Kidney Pills until entirely cured." W. H. Windrow.

H. M. Beatty, Little Rock, Ark., says: "For the past two years I suffered with kidney trouble, had severe pains across my back and over my hips that almost meant death to me at times. I used several well known remedies, but got no relief until I used Foley Kidney Pills. These I can truthfully say made me a sound and well man." W. H. Windrow.

## Texas Needs Great Men

### XII. ORGANIZATION

ALEXANDER the Great organized the Macedonian Phalanx and his army conquered the world; Caesar marshalled the Roman Legions and his minions swept Europe. The important changes in civilization have all been wrought by the plastic hand of a master mind that could feel the powerful impulse of a great world as it frets and moans for able leadership. In every age progress has waited in attendance upon real strategic men who could comprehend the sweep of human action and see world-wide opportunities as they twinkled in the distance.

A MACEDONIAN PHALANX.

Let those who would weave at the loom of civilization and thread the destinies of nations first organize the mighty forces of progress, occupy the frontier of human thought and produce specifications for the conquest of the world's commerce. Texas needs great men.

**SUNNY BROOK**  
THE PURE FOOD WHISKEY

To arrive at the top in any department of commercial effort one must produce, offer and do better than has been produced, offered or done before. Fifty years ago we determined that Sunny Brook must be the finest whiskey distilled and aged in Old Kentucky and we have never deviated from this policy. Today we are known as the largest distillers of fine old whiskeys in the world.

Sunny Brook reached the top because it surpassed all others in mellow flavor, exquisite bouquet and tonic properties. The friends Sunny Brook made fifty years ago because of its high quality and purity are still its friends, and all over the broad land a majority of the discriminating public demands Sunny Brook and absolutely refuses substitutes of any kind. Sunny Brook is a real honest, straight Kentucky Whiskey and is bottled in bond. Every bottle is filled and sealed with the "Green Stamp," under the direct supervision of U. S. Inspectors. If you want to know you are getting the best always ask for Sunny Brook—The Pure Food Whiskey. **READ THE LABEL.**

AUTOLOADING RIFLE

All the advantages of the big game arm with none of its discomforts or annoyances—

The recoil does the work of reloading and ejecting instead of pounding your shoulder. Five shots—just pull and release the trigger. Your action stays open and warns you when it's time to shove in a fresh clip. You can never get in a tight place—the gun never clogs. Each shot strikes a one ton blow.

Simple action—simple take-down.

Send for a motion picture booklet explaining the Remington-UMC Auto-loading Rifle's big points.

Remington-UMC Metallic Cartridges combine the highest velocity with the greatest shooting accuracy.

Made in all calibres for every standard firearm.
